# ST. LOUIS LOSE

The St. Louis baseball nine, champions of Honolulu, who tourneyed to Japan to show the Nipponese how to play ball, went down before the little brown men in the opening game with the Keio University on the Emperor's birthday. The score indicates a good game, the winning team having four runs against two for the Hawa-

The information of the defeat of the Honolulu champions came by cable yesterday and many and varied were the comments heard upon the street among the fans. The general expression of opinion seemed to be that the St. Louis players are feeling the result of the decidedly cooler climate of Japan. Others were heard to express the idea that the boys did not extend themselves, either through overconfidence in themselves or with some idea of influencing gate receipts for the games to come. It is fair to state, however, that this last supposition met with very little favor and almost no credence.

> Benjamin Brightwell, of the Kaupo Maui, school also asked for more money, He stated that he had been teaching for fourteen years and was now getting less salary than he got six years ago. The Superintendent was instructed to tell him that he was already getfor his school.

Mrs. Mascoto was appointed a teacher at Kalihiuka in place of Miss Florence Edwards, resigned.

Mrs. H. C. Brown, of Wahiawa, was appointed in place of Miss Cramer, who had resigned on the advice of an oculist. Lan Yin Chin was appointed as a new teacher for the Kauluwela school. A leave of absence was granted to Mrs. L. M. Walker, who sails on the Alameda for the Coast.

CERTIFICATES GRANTED.

The application of Mrs. A. F. Andrade for a certificate as a private school for the Miller Street Kindergarten was granted, as was also a certificate to the Puunene Japanese-English school.

OUTSIDE WORK TABU.

An application for a position as teacher was received from Miss Florence Scott, coupled with the request that she be allowed to continue her profession in Christian Science and Healing work for two or three hours each day. In explanation to Mr. Babbitt she had explained that this work was mental and spiritual. The Superintendent stated that he was opposed to granting Miss Scott's application. He knew that the proper energy could not be given to the school work if the other be kept up, as the latter involved a tremendous mental strain. The ten for San Francisco, with a large Board agreed with him.

## PRESIDENT SMITH'S FAREWELL ADDRESS

President Joseph Smith, of the Reorganized Church of Jesus Christ of Latter Day Saints, preached his farewell sermon at the church on King street last Sunday evening, to a large and attentive audience.

Elder Smith dwelt on the subject of Church and State and showed very conclusively from the Bible and the Book of Doctrine and Covenants of his church that loyalty to the state has at all times been emphatically enjoined upon the membership. The laws of the church forbid that it should even countenance any infraction of the laws of the land on the part of the membeing that-"he that keepeth the laws of God hath no need to break the laws of the land."

Elder Smith leaves on the Alameda for his home in Independence, Missouri, Elder Sheeby, who accompanied him here, will remain in the islands for a time and the public will therefore have several opportunities of hearing him

## HIGH GRADE SUGAR FROM AIEA PLANTATION

John A. Buck, president of the Honolulu Plantation and vice president of the Matson Navigation Company, will leave for the Coast tomorrow on the Alameda, after a stay of nearly two months in the Territory. In this time he has made a thorough inspection of the Honolulu plantation, as well as of the Matson properties on Hawaii. In speaking of the Honolulu plantation yesterday be said:

"The manufacturing of refined sugar of the first quality at Alea has turned out very well. This you should be able to see yourself from the sugar which can be bought at the grocery stores in the city, and which is mainly from our new refinery. It has given the best of satisfaction as far as we can find out, and I believe that we are producing as high a grade of sugar as can be found anywhere.

"I am going back to San Francisco on the Alameda on Wednesday, after a long stay here, in which I have made a good many trips around the islands. The Honolulu plantation is in very good condition from what I have seen of it and I am very well satisfied. In regard to the Matson Navigation Company I can not give you any news beyond that which you have already. I TOF. T. P. WATERHOUSE do not know whether the Hilonian will be kept on this run with the new steamer Lurline or not."
